How HelmsBriscoe Provides You With Additional Staff

By Deb Daly, HelmsBriscoe

Have you ever wished that you could add another staff person to assist with conferences, meetings and incentive trips; but it's just not in the budget? Well now you can, and at no cost to your organization. That person is me; and not only me, but also the expertise of the other 900+ individuals at HelmsBriscoe, who come with an average of 15 years of industry experience.

Imagine having a person that is totally dedicated to taking care of the following for you, every time you have an off site meeting that involves at least 10 hotel rooms:

- Search, screen and qualify sites for your conference or business meeting, which allows you more time for the other important tasks you need to accomplish. We gather the data and recommend to you the hotels or resorts, which offer the best value for your conference or business meeting.
- Present to you, in an orderly format, those sites, which meet or exceed the qualifications you set forth for your conference or business meeting.
- Conduct a due diligence survey of previous users, when necessary, to determine their level of satisfaction with the hotel, resort or venue you selected, as finalists for your conference or business meeting.
- Assist with the negotiations, and review the proposed contractual arrangements, between the facility you've selected, and your organization.
- Make available to you our comprehensive knowledge base, communications network and other resources to minimize or eliminate unnecessary risks and penalties to which your organization could otherwise be subject.
